Travis and Lauren did it

The Svateks enjoy relaxing on the back deck of their new home with their dog, Halo. They are thrilled to be homeowners and thankful for the down payment and repair assistance they received from the AHA's Homebuyer Program which made purchasing their first home possible. "We were ecstatic when we moved in," Travis notes. "Our mortgage is actually less than what our rent was, so we can just afford to pay our bills on one income while Lauren finishes school." Lauren is also happy that they are able to have pets and to add special touches that really make their home their own.
